

HEALTH AND SAFETY POLICY STATEMENT

VERRAGE GLASS AND MIRROR INCORPORATED is committed to protecting the health and safety of its employees and shall take every responsible measure to achieve this goal. The company is dedicated to preventing personal injury, occupational disease, and protecting all of its resources, including employees, the environment and its physical assets from accidental loss.

In order to fulfil this commitment to protect both people and property, the Company shall provide and maintain a safe and healthy work environment according to industry standards and in compliance with legislative requirements. The Company will strive to eliminate any foreseeable hazards that may result in personal injury / illness, property damage, security loss or fire.

Senior Management has the ultimate responsibility of ensuring that every reasonable precaution is taken to protect the health and safety of its employees, accordingly they shall ensure that the appropriate training is provided to all employees, including Department Managers / Supervisors. It is the responsibility of every employee, including contractors, to protect their own health and safety by working in compliance with legislative requirements and safe work practices and procedures established by the Company.

Department Managers / Supervisors shall be held accountable for the health and safety of employees under their supervision. It is the responsibility of every Department Manager / Supervisors to comply with, and promote among their workers, the corporate philosophy of protecting health, safety and loss control.

In addition to complying with established standards, striving for loss prevention is the Verrage Glass and Mirror's primary objective. Control of losses can only be achieved through the combined efforts of all employees. Identification of areas where potential losses may occur is the responsibility of Department Managers / Supervisors and employees. By working together, hazards which have the potential to result in personal injury / illness, property damage, security loss or fire can be corrected and incidents will be avoided.

To this end, every division is expected to utilize the establishment guidelines contained in the Verrage Glass Health and Safety Manual.
